**No Trouble to Keep
Skin Free From Hair**
(The Modern Beauty.)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 or 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone.—Adv.

J. MAURY DOVE COMPANY advises its patrons and the PUBLIC generally that the advances in all materials, labor, etc., which enter into the cost of selling and delivering coal have been so enormous that it has been compelled to advance the price of ANTHRACITE COAL 25c per ton, to take effect Tuesday, October 10, 1916. The discount of 15c per ton for cash or for accounts settled in full by the 10th of the month will still prevail.

Increases in the various items comprising the above expense have in no case been lower than 25%, and in one instance has exceeded 133%. For the past year we have been absorbing these advances as they occurred, in the hope that they would prove to be only temporary. Instead, however, they have been gradually increasing, until we have found it impossible to absorb them longer.
